

**Community Relations**

**Gifts to School Personnel**

Information on the Board's policy regarding gifts between students and teachers shall be stated in all student and parent/guardian handbooks. Students and parents/guardians shall be informed that the reason for the policy is to assure that neither students nor teachers be placed in an awkward position by pressure to give or receive gifts that could place a financial burden on students or a sense of obligation on teachers.

Regulation approved: November 2, 1994
