

Community Relations

Cooperative Arrangements with Business and Industry

The Ledyard Board of Education will, whenever possible, cooperate with employers in offering high school courses, or with the approval of the State Board of Education, in offering vocational training courses to such employer's employees. Such courses will be for the benefit of any employee who (1) wishes to obtain a high school diploma or (2) wishes to improve his/her employment status.

No expense for such service may accrue to the Board of Education or to the State Board of Education.
