

Vision/Goals/Objectives

Statement of Purpose

The Ledyard Board of Education shall develop and maintain a complete system of public education opportunities in accordance with the law and the best interest of the students and community.

The Ledyard Board of Education believes that in our democratic society each person, without exception, is an important resource to our nation. We further believe that it is the primary function of our schools to develop this resource to the greatest extent possible.

Our schools must provide challenges and experiences which continually foster the development of students' academic competencies, interests, abilities, and attitudes. Equipped with motivation, skills, knowledge and values, individuals will be prepared to realize personal success and responsible citizenship.

The Board believes that the educational process in our schools should be supported by educators, students, parents/guardians, and the entire community, for a commitment to today's education is a commitment to society's future.

Vision

Ledyard is a diverse and empowering community that inspires in each child a continuous love of learning, self-confidence, and commitment to excellence. The community supports each child to achieve at the highest levels and to innovate in a world of change. Our children thrive and make a lasting contribution to the community. Citizens trust, invest in, and benefit from the Ledyard Public Schools.
