**HOME AND SCHOOL COMMUNICATION AND SUPPORT**

**Teacher E-Mail Addresses:** All teachers at this school have been issued e-mail addresses.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

At Gales Ferry School a monthly newsletter noting upcoming events and activities is published by the school administration. From time to time articles detailing instructional initiatives are also included. These newsletters are distributed to families and posted on the school's website. Teachers regularly share information about their instruction via classroom newsletters. We encourage parents to share their email addresses with us. We have found this to be an effective way to reach parents/guardians during the school day and after school. Teachers also share their school email addresses with families. This has improved our home-school communication greatly. Each fall a Parent Information Night is held. During that presentation teachers share their instructional objectives and their classroom expectations. While formal parent teacher conferences are held each December, teachers schedule additional conferences throughout the year when needs arise. Written progress reports may also be sent home to families. Incoming kindergarten students and their families are invited each spring to visit our school and learn about our kindergarten program. Prior to the beginning of the school year teachers invite their students in to see their new classrooms. Parents and community volunteers contribute many hours to our school programs. Our dedicated Parent Teacher Organization has been instrumental in providing enriching experiences for our students through cultural programs, field trips and hands-on science programs. Our PTO hosted two large and effective book fairs

### EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

---

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Gales Ferry School's administration and faculty provide many opportunities to students as we work to reduce racial, ethnic and economic isolation. Most of our classroom teachers have been trained in Responsive Classroom and implement components of this program in their classrooms. Morning meetings provide time for students to communicate and share with one another and with their teachers. Teachers and students have ongoing discussions about appreciating diversity and building a community of learners. During the 2009-2010 school year, two second grade classrooms participated in a LEARN interdistrict grant and were paired with second grade classes from a neighboring urban community. These students enjoyed working together on science topics each month. Multicultural literature is shared with students throughout the year. Teachers also welcome opportunities for students and parents to share information about their cultural backgrounds with their classes. Since we have many military families, our students may have lived in different parts of the United States or in different countries. We enjoy hearing about their experiences in these other locations.

## STUDENT PERFORMANCE AND BEHAVIOR

**Connecticut Mastery Test, Fourth Generation, % Meeting State Goal.** The Goal level is more demanding than the Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Grade and CMT Subject Area	School	District	State	% of Schools in State with Equal or Lower Percent Meeting Goal
Grade 3 Reading	N/A	N/A	N/A	N/A
Writing	N/A	N/A	N/A	N/A
Mathematics	N/A	N/A	N/A	N/A

These results reflect the performance of students with scoreable tests who were enrolled in the district at the time of testing, regardless of the length of time they were enrolled in the district. Results for fewer than 20 students are not presented. For more detailed CMT results, go to [www.ctreports](http://www.ctreports). To see the NCLB Report Card for this school, go to [www.sde.ct.gov](http://www.sde.ct.gov) and click on "No Child Left Behind."

**SCHOOL IMPROVEMENT PLANS AND ACTIVITIES**

---

The following narrative was submitted by this school.

Building administrators and district administrators visit classrooms on a regular basis. These walkthroughs provide us with opportunities to see student learning in action. Two questions guide our discussions after these walkthroughs- Who is doing the work? How is the material being presented connected to our curricula? Student work is collected and reviewed with teachers at regularly scheduled grade level meetings. Building administrators also examine student work in collaboration with the district language arts consultant, the assistant superintendent and the building language arts consultant. Our professional development is building based. Teachers participate in professional development workshops during late August and on scheduled early dismissal days. Teachers are also released for other training opportunities throughout the year. Our district instructional leaders (language arts and math/science) provide training for our teachers too. Our kindergarten and first grade academy programs and our first grade early literacy paraprofessionals provide additional support to our literacy instruction. Seventy-nine percent (79%) of our second graders scored at or above the benchmark on the spring Developmental Reading Assessment. We are looking forward to the implementation of our new math curriculum (K-2), which is aligned to state standards during the 2010-2011 school year.

**SUPPLEMENTAL SCHOOL INFORMATION**

---

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile.

We have a strong caring staff of teachers, aides, custodians, secretaries, nurses and administrators. Many of our students are from military families and bring with them a variety of cultures and experiences. Our Parent Teacher Organization is certainly remarkable! We truly appreciate all of the programs and resources it makes available to our students and staff. We enjoy a strong partnership with our local libraries. In late spring the town's children's librarian helps us kick off the annual summer reading program. Then, she returns in late September to publicly recognize the summer reading program participants. During the year the town librarian and our school librarian work closely with our teachers and order books and other materials that support our curricula. Our state of the art facility is enjoyed by the community. Various groups use the building after school, in the evening and on the weekends throughout the year.
